RECKON ENGINEERING SYSTEM

YOUR COMPLETE ENGINEERING SOLUTION

Delivering innovative engineering solutions in telecom, construction, and renewable energy with excellence and reliability since 2010

LEARN MORE

EXPLORE OUR SERVICES

TELECOMMUNICATION SERVICES

Providing seamless telecommunication solutions, including BTS, RF, and microwave installation and commissioning. Our services ensure reliable connectivity through network optimization, troubleshooting, and maintenance, tailored to meet your specific needs.

READ MORE

SOLAR ENERGY SOLUTIONS

Comprehensive solar services from design to execution. From system planning to installation and commissioning, we deliver efficient and sustainable energy solutions for residential, commercial, and industrial applications.

READ MORE

FABRICATION & GZALVANIZATION

Custom mechanical fabrication of industrial structures, including SS towers, sun sheds, and cable bridges. Our hot-dip galvanization services enhance durability and protect against corrosion, ensuring long-lasting quality for telecom and solar installations.

READ MORE

POWER SOLUTIONS

RECKON Engineering System Delivers Comprehensive Power Solutions, Focusing On Both Conventional And Renewable Energy Sources To Meet The Diverse Needs Of Our Clients.

ABOUT US

WE ARE A TRUSTED ENGINEERING COMPANY SINCE 2010

Reckon Engineering System has been delivering excellence in telecommunications, construction, solar energy, and fabrication services. Specializing in turnkey solutions, including BTS and RF installations, solar system execution, and custom industrial fabrication, Reckon is committed to quality and innovation.

- Comprehensive telecom, solar, and construction services
- Custom solutions tailored to diverse client needs
- Proven track record of successful projects across industries

15 Years Of EXPERIENCE

ABOUT US

15+ Years Of EXPERIENCE | 1000+ TOWERS | 50+ EMPLOYESS | 100+ PROJECTS

OUR CORE VALUES

Since Our Inception In 2010, As An Engineering Based Company In The Field Of Telecommunication And Construction, We Have Operated Under The Guidance Of These Core Values:

- We Succeed Through Satisfied Customers
- We Deliver Quality And Excellence In All We Do
- We Use Technology To Develop Market Leadership
- We Value Our Employees
- We Behave Responsibly As A Corporate Citizen

CORE VALUES

VISION

To Be The Leading Innovator In Telecom And Civil Services, Driving Progress Through Cutting-Edge Solutions And Making A Positive Impact On The Industries And Communities We Serve.

MISSION

At RECKON Engineering System, Our Mission Is To Provide Outstanding Telecom, Civil, And General Order Supply Services. We Are Committed To Innovation, Continuously Improving Our Systems, And Exceeding Our Customers' Expectations. We Value Our Employees And Are Guided By Our Core Values Of Radiance, Heart, And Belonging. By Adhering To High Ethical Standards, We Strive To Have A Positive Impact On Our Industry And The Communities We Serve, Building A Company That We Can All Be Proud Of.

CEO'S MESSAGE

Our Responsibilities Extend Beyond The Horizons Of Offering The Telecom, Civil And General Order Supply Services. Adaptation Of The New Technologies And Enhancement And Improvement Of The Systems Has Always Remained A Continual Process For The Organization.

At RECKON, We Enjoy This Opportunity, As It Brings Out The Best In Us, Striving To Provide Our Valued Customers With Our Greatest Efforts At All Times. We Are Motivated To Remain An Innovative Market Leader, Surpassing Our Customers' Expectations, And Inspiring The Communities In Which We Operate. At RECKON, We Pride Ourselves On Our Foundations, On Our Employees And In The Way We Operate, Which Is In Line With The Objectives Of Our Corporate Strategy That Revolves Around Our Core Values. These Values Are: Radiance, Heart And Belonging.

RECKON Has Played A Pivotal Role Over The Years In Helping To Facilitate All Related Telecom Services; (Civil, BSS Tower Fabrication And Commercial Power Energization, Acquisition Etc., Which Is A Source Of Pride For Us. We Know That Today's World Is Complex And We Will Continue To Face Situations That Do Not Have Obvious Solutions. In The Face Of This Complexity, The Ethical Guidelines Of The Code Of Conduct Exist To Guide Us And To Empower Us To Make The Right Choices As Individuals And As A Company. Adhering To The Code Of Conduct Is The Responsibility Of Each And Every One Of Us In RECKON. By Doing This We Can Have A Positive Impact In Our Industry, Communities In Which We Operate, And Build A Company We Can Be Proud Of, Where Corporate Responsibility Is A Key Competitive Advantage.

We'll Look Forward To Evolve With You,

Ch. Irfan Aftab
CEO – RECKON Engineering System

OUR COMMITMENT TO QUALITY

Quality Is Never An Accident; It Is The Result Of High Sincere Effort, Intelligent Direction, And Skillful Execution. We Are Dedicated To Evolving Through Innovation And Skill Development, Ensuring That Our Workforce Is Motivated To Serve Our Customers With Durable And Reliable Solutions.

Home About Services Contact Us

OUR SERVICES

Providing seamless telecommunication solutions, including BTS, RF, and microwave installation and commissioning. Our services ensure reliable connectivity through network optimization, troubleshooting, and maintenance, tailored to meet your specific needs.

Comprehensive solar services from design to execution. From system planning to installation and commissioning, we deliver efficient and sustainable energy solutions for residential, commercial, and industrial applications.

Custom mechanical fabrication of industrial structures, including SS towers, sun sheds, and cable bridges. Our hot-dip galvanization services enhance durability and protect against corrosion, ensuring long-lasting quality for telecom and solar installations.

RECKON Engineering System Delivers Comprehensive Power Solutions, Focusing On Both Conventional And Renewable Energy Sources To Meet The Diverse Needs Of Our Clients.

1. TELECOMMUNICATION SERVICES

Overview: RECKON Engineering System Offers A Wide Range Of Telecommunication Services, Ensuring Reliable Connectivity And Advanced Communication Solutions For Clients Across Various Sectors.

Key Services:

Site Acquisition: We Assist Clients In Identifying And Acquiring Suitable Sites For Telecommunication Infrastructure, Ensuring Compliance With Local Regulations And Zoning Laws.

Installation And Commissioning: Our Team Specializes In The Installation And Commissioning Of Base Transceiver Stations (BTS), RF Equipment, And Microwave Systems, Ensuring Seamless Integration And Optimal Performance.

Network Optimization: We Provide Services For Network Optimization, Including Drive Testing, Performance Monitoring, And Troubleshooting To Enhance Network Efficiency And Reliability.

O&M Support: Our Operations And Maintenance (O&M) Services Ensure That Telecommunication Systems Operate Smoothly, With Regular Maintenance And Prompt Response To Any Issues.

2. SOLAR ENERGY SOLUTIONS

Overview: RECKON Is Committed To Promoting Sustainable Energy Solutions Through Comprehensive Solar Energy Services That Cater To Both Residential And Commercial Clients

Key Services:

Solar Panel Installation: We Provide End-To-End Solar Panel Installation Services, Ensuring Optimal Placement And Integration With Existing Systems To Maximize Energy Efficiency.

System Design And Engineering: Our Team Designs Customized Solar Energy Systems Tailored To The Specific Energy Needs Of Our Clients, Considering Factors Such As Location, Energy Consumption, And Budget.

Maintenance And Support: We Offer Ongoing Maintenance And Support Services To Ensure The Longevity And Efficiency Of Solar Installations, Including Regular Inspections And Performance Monitoring.

Consultation Services: We Provide Expert Consultation To Help Clients Understand The Benefits Of Solar Energy, Including Cost Savings, Environmental Impact, And Available Incentives.

3. POWER

Overview: RECKON Engineering System Delivers Comprehensive Power Solutions, Focusing On Both Conventional And Renewable Energy Sources To Meet The Diverse Needs Of Our Clients.

Key Services:

Power Generation Solutions: We Design And Implement Power Generation Systems, Including Diesel Generators And Renewable Energy Solutions, To Provide Reliable Power Supply For Various Applications.

Electrical Installation: Our Team Handles The Installation Of Electrical Systems, Including Power Distribution Boards, Motor Control Centers, And Generator Control Panels, Ensuring Compliance With Safety Standards.

Energy Management: We Offer Energy Management Services To Help Clients Optimize Their Energy Consumption, Reduce Costs, And Improve Overall Efficiency.

Consultation And Design: Our Experts Provide Consultation And Design Services For Power Systems, Ensuring That Clients Receive Tailored Solutions That Meet Their Specific Energy Needs.

4. FABRICATION & GALVANIZATION

Overview: RECKON Engineering System Specializes In Mechanical Fabrication And Galvanization Services, Providing High-Quality Solutions For Various Industrial Needs.

Key Services:

Mechanical Fabrication: We Design And Manufacture Custom-Built Structures, Including Industrial Sheds, Steel Trusses, And Solar Structures. Our Fabrication Process Ensures Durability And Compliance With Industry Standards.

Hot Dip Galvanization: Our Galvanization Services Protect Metal Structures From Corrosion, Extending Their Lifespan. We Utilize Advanced Techniques To Ensure A Uniform Coating That Meets International Quality Standards.

Project Management: We Oversee The Entire Fabrication Process, From Design To Installation, Ensuring Timely Delivery And Adherence To Project Specifications.

Quality Assurance: Our Team Conducts Rigorous Quality Checks At Every Stage Of The Fabrication Process To Ensure That All Products Meet The Highest Standards Of Quality And Safety.
